

Practice Assignment Webinar

Event Category: [Meeting](#) [1]

Event Date: Oct 25 2015 - 12:00am

The CBTF Judge Selection process includes series of technical assignments that are designed to assess each applicant's ability to apply their technical knowledge of the sport and the mechanics of judging, simulating the competition environment as much as possible.

These technical assignments form the primary basis for making judge selection decisions. This year, CBTF is offering a practice webinar so judges can be as successful as possible. During the webinar we will watch the performances, talk about the strengths and weaknesses of the programs, the national event focus, and how the assignments will be structured. The goal for the webinar is to make sure applicants feel comfortable and confident with these events going into the assignments.

To register for this webinar, complete the Sign-Up details at the bottom of this page. If you do not see that form, you need to be logged in with your CBTF.CA username and password.

If you are not able to attend the webinar it will be posted on the CBTF website for purchase.

This webinar is eligible to be treated as a judges update in these events and can be included on your CPED record. If you have any questions that you want brought up in the webinar about the events, or the assignments, please contact Amy Kalin, CBTF Judges Rep, at judgesrep@cbtf.ca.

Registration is limited to the first 20 individuals, on a first-come, first-served basis.
