## **OVERVIEW OF THE 2022 NATIONAL JUDGE SELECTION PROCESS**

### **1. GENERAL INFORMATION**

CBTF Judges are invited to submit an application to judge at the following 2022 National and International competitions:

- Canadian Team Trials, Regina, SK (May 20-23, 2022)
- Canadian Winner/Championships and Maple Leaf Open, Moncton, NB (July 1-July 5, 2022)

Qualified applicants will be assessed by the 2022 National Judges Selection Committee on two attributes:

1. Continuing Professional Development
2. A series of practical assignments

The Judge Selection Committee is appointed by the CBTF Executive and has the authority to determine the members of each judging panel for the Canadian Team Trials and the Canadian Winner/Championship. The Judge Selection Committee is responsible to the CBTF Board of Directors, Executive and Technical Committees. The CBTF Executive reserves the right to change or revise judging panel members at any time due to unforeseen circumstances.

The CBTF Executive shall have the authority and responsibility to determine:

- The number of Judges required for each competition in the given year
- Whether USTA/WBTF Judges shall be hired for any or each of the competitions in the given year and how many

At this time, the selection process for the 2022 WBTF World Championship is not finalized. A separate invitation to submit applications may be sent out when that process is finalized.

Questions may to be addressed to the 2022 Judge Selection Coordinator ([2022application@cbtf.ca](mailto:2022application@cbtf.ca)) with a copy to the CBTF President ([president@cbtf.ca](mailto:president@cbtf.ca)). Questions sent elsewhere will not be answered or forwarded and may have a negative impact on an application when considered by the Selection Committee.

## **2. BASIC APPLICANT REQUIREMENTS**

CBTF Applicants must be a member in good standing in the CBTF Technical Association and hold a current CBTF Type C Membership. USTA/WBTF Applicants must be a member in good standing of their WBTF-affiliated national federation.

Judge Certification required for each competition:

<u>Canadian Team Trials</u>	WBTF Masters
<u>WBTF World Championship</u>	WBTF Masters
<u>Canadian Winner/Championship</u>	
Individual/Duet Events:	CBTF Module 2
Freestyle/Pair	WBTF Masters
Group Events:	CBTF Module 3 & 4 (old course), or; CBTF Module 3 (new course-effective Jan1/10)

It is to an applicant's advantage to have all certifications required for a competition. CBTF does not discourage applicants from applying if they do not have all certifications – the Selection Committee considers each competition's judging requirements separately.

USTA/WBTF judges selected for the Canadian Winner/Championship will be required to successfully certify in the CBTF Medley event before their judging contract will be finalized.

Judges selected to represent Canada at the World Championship must be available to attend any WBTF meetings as Canada's representative, if directed to do so. This includes any Focus, Review or other meetings. A full report on each meeting attended must be submitted to the CBTF Technical Chair and CBTF President no later than August 31, 2022.

- CBTF Technical Chairperson (Committee Chair, no voting privileges except in the case of a tie)

## 5. APPLICATION COMPONENTS

### 1. *Application*

The application form provides the Selection Committee with a listing of the judge's professional development activities over the past two years.

### 2. *Technical Assignments*

The ability to apply one's technical knowledge of the sport and the mechanics of judging will be assessed. Depending on which competitions a judge is applying for, three to six assignments will be posted online for completion. The specific assignments required will depend on the applicant's certifications and the competitions that are included in the application.

Each assignment will focus on one event at a time and will require approximately 20-30 minutes to complete and are meant to simulate the competition environment as much as possible. Once the assignment link is accessed, applicants will be required to finish that assignment within an allotted period of time – this time-limited approach will more closely model the actual competition experience.

Responses will be submitted electronically and compared to a standardized scoring key that has been prepared by an independent judging panel. Results of the Technical Assignment will be shared with the Selection Panel.

The Selection Committee will also consider any potential conflicts of interest based on the information provided. All applications received are assigned a unique code number (identifier) by the CBTF administrator who will anonymize each judge's application prior to it being forwarded to the Selection Panel for rating.
