

Manitoba Baton Twirling Sportive Association
Report to CBTF
September 2013

MBTSA is happy to report on a very successful season with strong board representation, and enthusiastic volunteers.

The following competitions/events were held during our season

- Provincial Team Tryouts – hosted by MBTSA in September
- Competitive/Elite level Athlete Clinic – hosted by MBTSA in October
- Valentines competition – hosted by Greendell Baton in February
- Recreational Clinic–hosted by MBTSA, (cost shared with Valentines) in February
- Unicity competition - hosted by MBTSA in March,
- Provincials - hosted by MBTSA in April,
- Pre Competitive challenge - hosted by MBTSA in April
- Badge workshop, along with a badge testing day - hosted by MBTSA in May
- Summer Heat competition – hosted by Anola HEAT in June

The 9 athletes from 3 clubs who formed the Manitoba Provincial Team participated in several performances and demonstrations throughout the year to promote the sport.

We were also pleased to have our team and individual athletes attend the International Cup Qualifier in Barrie, where the team, along with each athlete on the team, qualified in events to compete in Almere, Netherlands. We are very proud of their accomplishments, both as a team, and as individuals, bringing home Bronze for Artistic Pairs (Atkinson/Hendrickon-Alexander), Silver for Artistic Twirl (Kamfoley), and Gold for Team. (TeamToba).

We were successful in our sport funding application to Sport Manitoba again this year, and they are pleased with the program plans we have in place for next year.

Respectfully submitted

Edie Parisian
