

Fédération Québécoise de Bâton Sportif

Report to CBTF
September 2013

FQBS has had an enlightening year and a year of restructuration within the board members. There have been important changes and they were done for the best of the Federation. They have proven to be good decisions.

We've recently been approached by a possible Club director that wants to join the CBTF. She now has all club start up documents and registration forms at hand. The FQBS is glad that Baton twirling is still alive in Québec and that there might be other clubs interested out there.

Now that things are heading in the right direction within the board, we will be looking into making the FQBS grow some more and we have a few other clubs we intend to contact in the near future.

Hopefully, the FQBS will keep growing and more volunteers will join our federation board of directors as it is hard to invest the amount of time required to run a federation with so few board members.

The amount of membership registrations were growing more in the past years and this year, membership numbers were more stable as we wanted to work on straightening out the FQBS's board of directors and management before recruiting new members and work with an unstable management team.

Nevertheless, the FQBS has been able to participate in the following events:

- Rizing StarZ clinic hosted by the FQBS in September
- First Provincials since the early 1990's hosted by the FQBS through the OBTA
- Participation at our first Canadian championship event and with great results from our participating athletes. We were proud to see the Québec flag along with all other province flags!
- Badge workshop along with a badge video session hosted by the FQBS. Videos were sent out to the CBTF for adjudication
- 4 of our FQBS athletes participated in camp Muskoka and can't stop talking about it. Thank you Kim and Amy Genton and all clinicians for making their eyes shine everytimethey talk about it!!!

We are optimistic that we are now heading in the right direction and are really thankful for all the help the CBTF board members have been providing in the past year to help us find our way back on top!

2013/2014 is another year!
