

SDP Annual Report for 2012/2013

Prepared on September 05, 2013 by Denise Johnston – SDP Representative

SDP related documents now posted on the CBTF Website (under the CBTF Competition Score CD Section/Skills Development Program):

- All grading forms for badges & pins
 - o You can choose any form individually or the entire set at once (called CBTF Grading Forms – Nov 2012)
- Adjudicator Master forms for badges & pins
- The Master Summary & Comments to Coaches forms should be posted shortly

Since the launch of the updated SDP DVD and Manual in September 2012, the following areas still need to be finalized, as discussed in our Webex Technical Meetings earlier this year:

- 1) The grading of the badges/pins to create a standard scoring template is required for marking the online badge tests that adjudicators who will be upgrading
 - The S1 Level DVD was sent end of July/early August to Elan, Brenda A. and Debbie M. for them to grade the 4 athletes (yellow, orange, red, maroon) – to date, none have been returned to me
- 2) Jeff is working on posting of the S2, S3 and S4 levels on the CBTF website
 - Once this happens, then I will need Elan, Brenda and Debbie to grade those athletes also in order to come up with a standard scoring template
- 3) Once all four levels of the scoring templates (S1-S4) are ready, a written process needs to be created and published on the CBTF website so that adjudicators can upgrade their levels
- 4) Now that it's been one year since it was launched, I would like to receive feedback from the coaches about errors they have found in the manual so that I do an update; sorry to sound repetitive on this one, but I feel it's important to continually do updates after all the time, money & energy spent to redo the video & manual
