

2014/15 CBTF Group Rep Report

The focus in 2015 was completing the Pre-Team Pilot Project. This led to the need for a set routine as a Level Two. A continuation is the need to develop two levels of set routines at the pre-competitive Level for the other CBTF Groups: Pom Pom and Dance Twirl. This would satisfy the Pre-Group competition in a more equal setting...as each group event has separate demands and identities. I plan to continue this work through the next season.

Parallel to Pre-Team and as a member of the Education Committee, 2015 was spent creating a level two for all six Pre-Events. This was a pilot project and has been presented to the technical Committee for approval.

Currently, we have a sample of a Level C Team. Next on the agenda is to develop the Twirl Team Event further. A draft concept and score sheet has been prepared to be re-establish the focus of Twirl team as a completely separate event from Dance twirl team and WBTF Team. Emphasis will be to develop strong twirling skills as a group in all the twirl modes (Aerials, Rolls, Contact) and Multiple Baton, both stationery and travel Complex and Exchange work

As in previous years, the Declaration process is still confusing to some, overlooked by some and supported by others. As National Group Rep, the procedure was hard to maintain with any degree of accuracy or consistency.

A major project of the newly formed Education Committee is the re-alignment of the Coach/Judge courses. This project is important to the growth and credibility of the CBTF and is a 'work in progress' and I will continue to help out with this undertaking.

It has been a busy and interesting year. I am honored to have contributed to the strength of our programs through my involvement as Group rep for six years.
