

## **CBTF Coaches Rep 2015 Annual Report**

---

This is my last report as the CBTF Coaches Representative. I appreciate having had the opportunity to volunteer for this position. I have learned a great deal about our athletes training, our coaches' needs, and CBTF's programs. It's been a pleasure holding this position and representing Canada

Over the last two years I have done the following:

- : participate in the BI weekly meetings with the education committee
- : provide assistance to the provinces who require help running courses
- : worked with Ron on the medley examinations
- : organized the Coaching Vingettes
- : participated in the face to face meeting about the Coaching Courses

Along with these duties I took on the following responsibilities to support CBTF.

- : attended the winter meeting in Vancouver to "spread the word" about relevant details of International Cup
- : organized all the Accomodation for International Cup participants as well as the Canadian Athletes and Coaches
- : organized the arrangements for the Canadian team meals
- : organized the welcome dinner at International Cup for the Canadian contingent.

I turn this position over to Maureen Johnson who I have learned such a great deal from over the last four years. She has the experience and knowledge for this position, particularly given the changes that will be taking place in the coming year.

Best of Luck Maureen!
