

CBTF Group Rep

Report

This is my first year being a member of the CBTF Technical Committee and after 37 years as a club director and group coach, I found myself unsure of many rules, event focuses and new team events. My goal for the upcoming season is to have a very clear and concise outline distributed to all Group Coaches and Judges on the dance twirl event.

I conducted a small survey amongst team coaches across Canada regarding Pre Group and Pre Comp Team. I received 13 responses to questions such as, Did your club do the Pre Set Pre Set Team this Year? Did your club do an "open choreography" pre comp team this year? If you did not do the set pre comp team.. why not? If you did do the pre comp team, what were your thoughts and will you continue to it? I will present the results at the Technical Meeting with the hopes the coaches voices are heard.

My biggest honour was to announce the top 10 Clubs in Canada for the Group Challenge Cup. The new award was presented to the Optimist Twirling Connection Coach Brenda Bennett.

I will continue to reach out to the Provincial Group Reps and answer any questions that are brought to my attention.

Respectfully submitted,

LeeAnn Wilson
