

# **2018 CBTF Fall Conference**

## **Report from CBTF Coaches' Rep**

It was a busy year in my role as WBTF Technical Advisor, and member of the WBTF Executive Technical Committee. Meetings attended:

- December 2017 WBTF ETC Planning Session (Los Angeles, California)
- January 2018 WBTF Winter Meeting (Kissimmee, Florida)
- August 2018 WBTF Summer Meeting (Kissimmee, Florida)

The WBTF has introduced a Coaches' Certification Program - the first level was launched at the 2018 World Championship. Leisha Strachan was invited to teach the Anatomy and Warm-up sections. I created the written exam for this level.

For more information... please refer to the Technical Advisor's report.

Also in 2017-18, I continued my work on the re-alignment of the Coaching and Judging programs with the education consultant (Chantal Ounsworth) and Dana.

Respectfully submitted,  
Maureen Johnson
